LouAnn,

I just received this request from a PRP on one of my Site. I want to be sure your office logs it in and assigns a FOIA Specialist. Please let me know who is assigned and I am available to assist them. I would like them to contact Mr. Ware to let him know it has been received in the FOIA office for processing.

Thank You very much!

Ms. Jones and Ms. Luke-

We request information provided to EPA and that which EPA provided Investors of Ashley II. Please provide the information as requested, unless there is a privilege or other exemption to providing the information under a statute.
Ethan.

Ms. Jones and Ms. Luke-

Applicable FOIA regulations do not provide an exemption from disclosure for Confidential Business Information. See 40 CFR 2.105. Accordingly, please tell us how the information you received may otherwise be exempted from disclosure.

You will have to ask Magnolia. EPA is unable to disclose the discussions held with Magnolia as they are considered Confidential Business Information (CBI). I can tell you we shared only public information with them, specifically information contained in the Administrative Record regarding the non time critical removal action.

Kim-

Please see my note to Ken below. We have a meeting with investors for Ashley II this week and are curious as to the purpose of the meeting. We would like a brief description of their meeting with EPA and its purpose.

Thanks in advance for clarifying this for us.

Ethan.

Ken-

After the public hearing a few weeks ago, you indicated attorneys for Magnolia Arc (investors to Ashley II, owners of the Columbia Nitrogen Site) met with EPA to discuss future plans for the Columbia Nitrogen Site property. Do you mind summarizing those plans for us and what they proposed EPA do? We have a meeting with those investors this week, and we would like to make sure we understand from EPA's perspective what was being proposed.

Thanks.

Ethan.
